

LaShell Griffin - "Free"

If I was a bird, I could take to the sky
I'd just have to open my Wings
It feels like I'm Flying when I look in your eyes
and its all because of the love that you bring
I've spent most of my life, stuck on the ground
but you lift me up so high, ooh baby, just look at me now

CHORUS

I'm free
you make me feel so free
I never thought I could feel so much love your the only one
the only one for me
You make me feel so free...If I was a ship I could sail away
Out on endless oceans of blue
and the touch of your hand is the light of my day
and the gentle breeze baby that's you...
I've spent most of my life tied to the shore
baby but you cut the tides and with your life,
it is so much more...

REPEAT CHORUS

I believe the greatest gift, of loving somebody is
to feel the wind rushing through your heart
You fly me so High, when I'm here in your arms, I'm free

REPEAT CHORUS
