

Tomomi Kahala - "Never Say Never"

(Andy Marvel, Billy Mann & Jennifer Paige)

I, never thought that you would ever be mine
But now I'm offering you all of me
Why, because you're everything I'll ever need
In my life
How was I without you only yesterday
Now, I couldn't see it any the other way
Down, you know I'm down for you what can I say
It's so right

Just when I thought I was happy on my own
You showed up with the wind

CHORUS

Never knew that love could ever be like this
Never knew that I could fall in just one kiss
Never knew, never knew
You'd be the one I'd miss
Never say never
Never thought that you could be the one for me
Never thought I'd fall so unexpectedly
Never knew, never knew would come so easily
Never say never, Never say never

You talk to me like someone that I always knew
And now I'm sticking to you baby like glue
It feels just like I won the lottery
Is it real?
Three, three words come out of me so easily
Free, to tell you that you love is my relief
We are like a fairy tale that I believe
That's how I feel

Just when I swore I'd never open up
You make it easy on me

CHORUS

It's so amazing after all this time
A sudden sign took my breath away
Now everydays like another world
Now that I'm you girl
I never knew

CHORUS
