

## Get high with you - Sundance CD

### CHORUS

I wanna get high with you  
I wanna be lovers too  
I wanna look in your eyes  
So give me no surprise  
Don't think I'm dumb,  
if you don't know where I'm coming from  
I'll apologize too,  
but, after I get high with you

### *1st verse:*

Taking our sweet time as it comes  
We're floating with the tide  
Like the waves crash into the night: silently

### CHORUS

I wanna get high with you  
I wanna be lovers too  
I wanna look in your eyes  
So give me no surprise  
Don't think I'm dumb,  
if you don't know where I'm coming from  
I'll apologize too,  
but, after I get high with you

### *2nd verse:*

Slipping into darkness  
Slipping further into the night  
Just you and I, we try to fly

### CHORUS

## My life is mine - Sundance CD

Don't know why you're doing this to me  
Wake me up with a phone call at three,  
unlock these handcuffs you call love  
It's more than I can take  
I'm ready to break

### CHORUS

I've read this book I've wasted my time  
Take back my freedom my love is mine  
Can't stand by and watch you screw up my life  
I'm writing a brand new novel  
entitled my life is mine,  
my life is mine, my life is mine,  
and I'll be just fine...

I'm cutting this string around my neck  
Rip up your picture with no regrets  
Traveling to Paris by myself  
I'm finding my way out I don't need your help  
I don't need no help

### CHORUS

You called to say that your coming back  
You want me to be your wife  
Don't you know I have a life
